Contribute to the Georgia Farm Bureau Federal Impact Fund

It's easy to contribute to the Georgia Farm Bureau Federal Impact Fund! Simply fill out the form below and return. By signing below, I acknowledge that:

Contributions to the Georgia Farm Bureau Federal Impact Fund ("Fund") are not tax deductible for federal income tax purposes. Contributions to the Fund will be used in connection with federal elections and are subject to the prohibitions and limitations of applicable federal law. Contributions to the Fund are completely voluntary and I am free to contribute any amount I choose, or not at all. If I choose to contribute to the Fund, I also understand that I may discontinue my participation in the Fund at any time. The suggested amount is only a suggestion and giving more or less than the suggested amount (within the bounds of federal law) may be given is permissible. The amount given, or the refusal to give, will not benefit or disadvantage me in any way. Neither my employment nor any other relationship I have with the Georgia Farm Bureau or any of its affiliates will be favored or disfavored as a result of my decision whether or not to contribute to the Fund. Federal law permits individuals to contribute up to \$5,000 per year to the Fund. This \$5,000 limit does not, however, restrict the amount I may contribute directly to other committees or to individual candidates. I am a U.S. citizen (or I have been lawfully admitted for permanent U.S. residence under applicable federal law). I understand that federal law requires the Fund to use its best efforts to collect and report the name, home mailing address and occupation of those contributing more than \$200 per calendar year. The Fund does NOT accept contributions from anonymous sources, foreign nationals, or corporations.
