# — YOUR PASSPORT TO — FRESH, FARM-RAISED GOODS

**Visit GFB Certified Farm Markets around the state and earn prizes!**

Certified Farm Markets are farms across the state that invite you to visit them. They are verified by Georgia Farm Bureau to produce the commodities listed in their description.

To learn more about the program and additional passport details, visit [GFB.ag/CFM](https://GFB.ag/CFM).

We are sharing a reason to discover Georgia, support local farmers, and experience fresh food. The Certified Farm Market program is all about discovering where your food comes from and supporting those who make it possible.

Your passport will guide you to traveling Georgia from interstate to dirt roads and from wagon rides to rocking chairs. The farms you visit will all be different in what they grow or offer, but the same in that they welcome you to experience what they do.

As seasons change, Georgia brings a different flavor to the table. With over 35 types of fruits, vegetables and nuts grown in the state during different times of the year plus livestock, it's easy to see why agriculture is the largest industry in Georgia.

We at Georgia Farm Bureau are so excited for you to experience our favorite trade. As you travel, share your farm experiences with us using #farmpassport.

Happy travels!

# GFB CROSSWORD

## ABOUT US

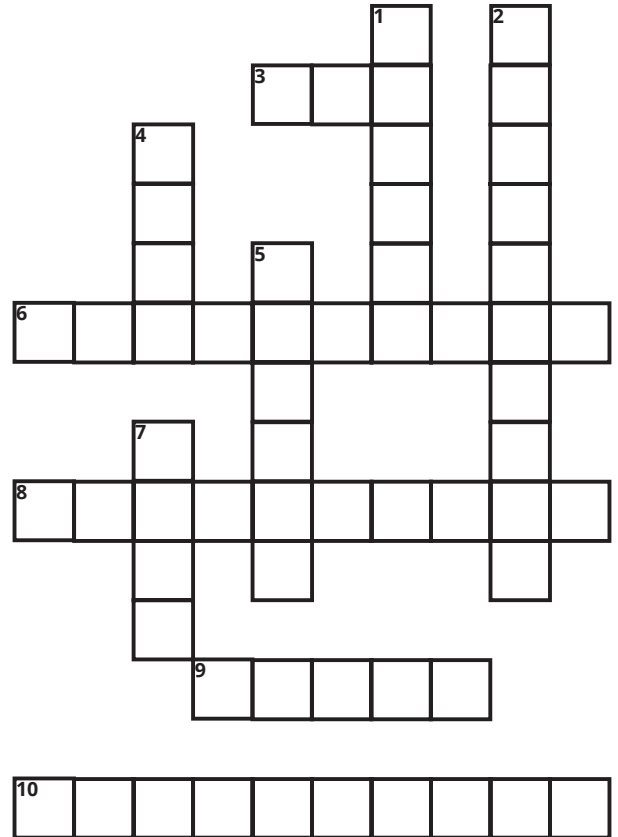

Since Georgia Farm Bureau's (GFB) inception, the primary, ongoing **goal** of our Federation is to be a **united** voice in the legislative arena, to promote farm markets and to provide leadership to Georgia's agricultural community.

Farm Bureau is one of the few organizations that uses a true **democratic** process for representing members' views. The development of GFB policy is **grassroots** in nature and allows members to decide the positions our Public Policy Department takes in Washington, D.C. and Atlanta.

To promote **farm** markets, we have the Certified Farm Market program which connects **you** directly to farmers through the Farm Passport. To develop **leadership** in the agriculture industry, we have two leadership development programs: Women's Leadership and Young Farmers & Ranchers. Furthermore, to invest in the **future** of agriculture we have the Ag in the Classroom program to provide tools for more effective teaching about agriculture.

We have a dedicated staff that supports these programs in addition to the local County Farm Bureau and its volunteers. Our members and **volunteers** at the county level are the driving force and strength of our organization which is why we ask you to consider joining **today**.

Using the clues below and the bolded words to the left, solve the crossword puzzle about **Georgia Farm Bureau**.
